That night is de jongh's "State of the Territory" address. I have something=substantive cooking down there about which we should speak. In respect the=eof they have asked me to attend the address. You and I are scheduled to s=end some time together that afternoon. Here's an idea - what if we flew do=n there, attended the speech and reception and then flew back? I have not =et decided whether or not this is a good idea, but in case I decide it's s=mething I need to do in the name of commerce, would you be game?
