Hey Bos=man,

Attached is an Excel Punch list for LSJ/GSJ. I will fill in all dates and info needed on Monday from all department heads.

You may see items on the list that may have already been completed but they=will have to check it once again before it's removed or checked off as=done or completed.

I started the punch list from beginning to end of each Island. It can also =e used as a checklist before every arrival. More items will be added over =he weekend...
