Hi Jeffrey,

Hope all is well with you. When am I going to see you?

I would like to introduce you to a rather impressive young man in NYC called=Zachary Barnett who founded Abzyme a Research Foundation. He needs all the s=pport he can get and given your own endeavours in medical research, I thoug=t you might just be someone he should meet.

I should mention that I arranged for him to see our friend Alfred Taubman wh=n he was in Palm Beach recently as I (mistakenly) thought he would be truly=interested In what Zachary is doing. However I was wrong, despite Alfred's h=ge support through his remarkable philanthropic efforts in stem cell resea=ch and women's health at the University of Michigan, he was not in the leas= interested in the fight against HIV.

I know your main focus is brain research, so guess your reaction may well be=the same. Notwithstanding, I feel I should at the very least bring this to y=ur attention just in case I am wrong.

It would mean a lot to me if you could just give Zachary a few minutes of yo=r time to tell you what he is trying to achieve.

As ever,
