**Subject:** Canary Island Palms - May 26, 2014

Greetings Ingrid,

Just checking in with you to see if your crew is counting the Canary palms and clearing the growth around the trunks so you can get clear photos and measurements of the palms.

Chris would like to travel down to view and tag this Wednesday, May 28 - our Principal is considering purchasing as many as 12 of the palms if Chris can find enough for the project - thus the reason for the count as soon as your crew can.

Please feel free to email or call me regarding this email. We would like to still aim for sailing this Friday, May 30, but many decisions have to be made by my boss, and he needs the information to do so.

Happy Monday and Good Memorial Day, Daphne
