Dear Mr. Brockman,

I hope all is well. Jeffrey's profile looks great but for some reason, google's robots are not picking it up properly. The url on Jeffrey's profile is correct:  
[http://edge.org/memberbio/jeffrey\\_Epstein](http://edge.org/memberbio/jeffrey_Epstein)

but it doesn't match the url that google is registering.

Is there a way to fix this?

much appreciated!
