Larry,

Update on the bolts QC w=ll not release them to us. They are going to send them down to plant 5 in Fo=t Worth and have them re-cadmium plated and shipped to us. Again I apologiz= but without a QC release there is no way they will send to us.

We are hoping to have r=ady for counter to counter on Tuesday and I will continue to push...<=:p>

Kind regards,

David Burch, GM - ER=I
