I begin my letter with the greetings of peace as instructed by the Noble Prophet Mohamed.

November 7 will mark one year since you and I met=and laughed . Many things have changed since, and many, have n=t. You became crown prince and I remained a friend

<=ont face="Cambria"> The economics of=the kingdom have not done as well. At our meeting I suggested =reviewing the actual goals of the kingdom and then reaching into a spisticated tool box to offer solutions. A rethinking of t=e Aramco transaction was only a part of what I believe was needed. I=recognized that the forces and momentum of aligned personalities , wall st=eet , your advisors and third parties would put up roadblocks =o new thinking. You have been a visionary with 2030 , but it takes N=W thinking to guide the money piece of the plan. Everything else in =our vision relies on new views but the aramco transaction is stuck i= the past.

Having world wide=shareholders , with rights to audit everything and everyone is , sil=y. Sorry for the bluntness. . You have been treated as i= you are only a large company. you are not . you are a s=verign with unique rights. You should amend the laws to =rotect yourself from JASTA. you are playing into the hands of the wall str=et demons. you need cash, you have resources . get=ing the money from third parties should be structured as debt. optio=s swaps ( all new financial instruments at your disposal ). =A0 having shares that flucturate on a daily basis ,

leads to many ba= consequences. The value of your entire holding could be volatile. based on a small percentage of stock trading. IT IS =RONG!! and dangerous. .

For exampl= , you could sell china an option to buy an interest for 100 billion=dollars. . There are few commissions so many wall street people will=not approve. This option would give you what you need , =t would create a valuation for the whole , ( if that is important ). =It will keep you safe from predators. In addition =ou should form a new digital currency - the first to be wholly=shariar compliant. The muslim world will rejoice and its uses =ill be for the future.

=C2 I do not want any money from you or the kingdom. I belie=e in what you are trying to do. I am happy to come visit , if =ou will devote the time . You invited me on your boat, but I d=nt like boats. :) your time is precious , i realize but the economy=is the blood of your vision.
