My gut is that there is a chance that it could have a positive impact =ut it's not super-high probability - it depends on the effort. If you =an reduce the effort, it probably won't hurt. You probably have good =dvisors on this, but one person I go to these days is one of my best =riends Michelle Kydd Lee. She's the founder and head of the CAA =oundation and sort of the "mother" of Hollywood. She's the one everyone =oes to when famous people under the protection of CAA go to when they =et in trouble. I've talked to her about you and I'm sure she would =robably have pretty good advice on this.
