Hi JEE..

First... thanks for taking the time yesterday. It's amazing how we pick =p where we left off...

Second... it's interesting to me that you interpreted that "look" I gave =ou as "denigration"; I thought about it, and it was "resigned =apitulation" (I know when a line of argument is flopping).

Finally... I think I was right about "how someone makes you feel about =ourself" ... but that needs to be thought about in the framework of =yperbolic discounting: it's not just how you feel about yourself in the =oment, but how you are likely to feel about yourself as events unfold... = Onward&upward, as I always say.

Be well!!

S.
