Larry, We Added the white s=ripes, straight. We cut them off before the radome. The bottom example has t=e more fed ex vintage look. I think the black bottom black tail looks best a=d still vintage "deco". Notice horizontals are grey and it looks good? Plea=e review and let us know what he thinks? The original samples Scott sent wa= the vintage Boeing VIP 727 look, if you want to have him take another look=at those? Thanks, Guy
