Ana,

Ever since Jeffrey asked me to do the morning meetings every morning, I briefed the landscape staff. I have been doing it either by the boat or in the field prior, but after Jeffrey returned, and he asked for a morning meeting, there has been one in the tunnel every morning.

I do not appreciate you accuse me of lying. Especially since you are not there at the meetings

The meeting yesterday included:

Noise
Purple grass placement
Kite house generator area
Irrigation
Main compound clean up
General clean up after the weekend weather.

And, all those items were done.

Chris is here next to me and confirms

I also sent you a complete schedule for today's meeting so you could do it. Just to make sure that Jeffrey's request is being followed

I am REALLY surprised
