Dear Jef=rey,

We are currently installation your equipment and d=discover that most of you video sources are still analogical, and should rea=ly be updated for numerical sources .

We won't have enough analogical input on the re=eivers if we keep all those old sources.

1 - VHS,=no more use of VHS tape, can we remove it ?

2 - D=D player, very old, i know that i already asked you the question, but inve=ting so much for a new TV and keeping that old player is a non sens. If yo= don't want the expensive multi region dvd player, can we at least=update it for a new model (non multi region)

3 - sky decoder : very old analogical, can you please a=k your provider for a new model

4 - Numericalbe d=coder : very old analogical, can you please ask your provider for a new mo=el (since it is in france, we can handle this)

Thanks for your prompt feedback because we are already =aking the job

Thank you

=hilippe
