=div style="word-wrap:break-word"> Dear Jeffrey,

We are currently installation your equipment and discover that most of your video sources are still analogical, and should really be updated for numerical sources .

We won't have enough analogical input on the receivers if we keep all those old sources.

1 - VHS, no more use of VHS tape, can we remove it ?

2 - DVD player, very old,=i know that i already asked you the question, but investing so much for a new TV and keeping that old player is a non sens. If you don't want=the expensive multi region dvd player, can we at least update it for a new=model (non multi region)

3 - sky decoder : very old analogical, can you please ask your provider for a new model

4 - Numericalbe d=coder : very old analogical, can you please ask your provider for a new model (since it is in france, we can handle this)

Thanks for your prompt feedback because we are already =aking the job

Thank you
