Jeffrey

St Thomas - Paris 8+16min (+4kt average tailwind). GIV non stop.

NY - Paris 6+36min (+44kt tailwind).

You mentioned possibly Monday you will have a better idea if we will depart f=om St Thomas direct to Paris.
If we fly STT-Paris direct, I'll need to make arrangements to fly an avionic= technician to St Thomas to install and program a #3 Navigation computer an= #2 FMS control head.
If we fly to Teterboro on Thursday morning I can have this repaired on arriv=l, and be ready for Thursday evening departure to Paris if you elect.
I will be with Boeing Tuesday and plan to return to STT Wednesday afternoon.=

Let me know schedule when your able ?

Thank you
Larry
