Dear =effery, I definitely want to continue and my team and I already started wo=king on floor plans right after you indicated that the Chateau image gener=llly worked.

I would like to clarify that what you=have is not a photoshop but a full 3D model built to scale and superimpose= on the actual image for precision and clarity. This process takes time...=Same with LSJ; it's all 3D modeled and to be honest with you, I do=really love the result. It can certainly be improved and analyzed a lot fu=ther but please remember we are just in the master plan concept stage and =ou've drastically changed direction of the concept a couple of tim=s...

If this concept for both islands makes=sense for you and is now approved as a CONCEPT, we can now move on and con=inue developing the schematic design information that you are requesting a=d start defining and detailing everything and getting the rest of the professionals on boar=.

Please understand that I don♦=99t mind changing direction as many times as it's needed to your f=ll satisfaction and I also really like you and working with you but I don=E2♦♦t appreciate when you diminish our work.

Believe me that we have invested countless hours of many people in yo=r project and we will continue doing so because we want this to be an abso=ute success and I know we can.

If we do con=inue, I really need Richard to send us back the signed agreement that we=E2♦♦ve requested from him a few times and to please process the outsta=ding progress payment.

I'm availabl= at any time tomorrow to go over everything and sort it all out.

Best regards,

Ramon Alonso
