Hi Jeffrey,

I met =ith Carlton Dowe and we toured the site you spoke to me about. That =ite (see first three pics) will not work because of the depth. The f=ot print of the current hangars cannot be increased.

We also looked at the site to the east of your current hangar (see the 4th pic) where the three =trailers are located (Cleo Hodge, Execujet and one other). Dowe said =hat we can work something out there however Hancock from Execujet has alre=dy put in a proposal to put up a building there and Dowe had already decid=d to put out an RFP. Hancock does not have any aircraft.

I called Larry and got the dimensions ne=ded for a hangar to house both the heli and the jet (100x120) and relayed =hat to Dowe. Is there anything else that you would like me to convey=to Dowe?

With warm regards,
Cecile=div>
