Jeffrey  
Uni=ersal Houston flight planning indicates  
STT - Vienna is 9+=0min  
Long range cruise of .77Mach

We would land with 3000lb= of fuel, which equates to 30 to 45min, VFR fuel reserve. Based on ISA tem=eratures and current wind factors, also we not guaranteed optimum altitude=, all are factors when trying max distance flight.,

It's still a maybe but I think the GIV could do it non stop., if f=el calculations run short we could always make a fuel stop in Europe somew=ere.,

Hope this helps in your flight planning♦=A0

Dave and I are scheduled to return to STT tomorrow nigh= at 9:30pm to prep for Possible Paris Wednesday night 10pm., let me know i= this trip goes firm?

Thank you
