Jeffrey

I Spoke to Tech Support and Gulfstream.,

LinksSyst network on G550,. Is normally intended for cabin network not for e=ternal Wi-Fi use such as cabin windows shades,. Tech Support also informed t=at if the system is not news they disable it, I will have this addressed du=ing new Wi-Fi installation in Savanah., Appears we might have a router issue on the G550,. Doesn't make sens= why Gulfstream in Palm Beach Was able to send and receive emails on the li=ks system as they said in their sign off,. I'm awaiting the avionic= manager in Palm Beach to call me back and explain.,

Thx

Larry
