Subject: estate plan

1 your will should be a pour over. the public should only have access to a document that says all i own goes to the="XYZ trust. ". All details are contained in that trust, including the inclusion of other trusts. etc. 2. the=more living trusts for you the better so that probate (public). would be faster. and simpler. 3. pay trustees very very well, do not use standard fees. committees , majority super votes etc can all =e a part of structure. 4. you need to strike a balance between directions=C2 and wishes. direction being legally determinative, , wishes being a safety valve. 5. sole discretion clauses. (great protection). =different jurisdictions. trust protectors.(in addition to trustees.) . =A0 keeping the corpus out of marital property. but providing substantial carrot and sticks for peace,,, just a sample
