Subject: Gave her a speech.

She googled before talking to you - I explained to her how tabloids work and=how I was chased my tabloids who offered me money to come with a dirty stor=, etc Etc

I was hard on her about saying thank you and being serious about her future,=saying that it's her choice and if she prefers to stay in Milano I can intr=duce her to some nice "ordinary" local guys if that what's she wants. Event=ally she got it and sent me this message

"I'm sorry if I didn't take the conversation with Jeff very seriously... I k=ow that I seemed spoiled and superficial and I didn't managed to tell him w=at I really wanted. I just can't trust emmediately the first man who comes t= me and says he would help me, specially after seeing all the accusations a=inst him. I need time to trust a person. Tell him I'm sorry if I havn't be=n thankful but that I really appreciated speeking to him and I am open to a=y good advices that could help me succeed and become a better person :)

Ps: I definitely want to meet you next time you come to Europe to speek abou= my future plans and have a face to face discussion with Jeff (if he would=give me a one more chance to speek to him) because I don't feel Skype is t=e better way to have a real discussion.

... And thank you for making all this happen ❤ "
