Greetings Larry,

We use Tropical Shippi=g. Can Tony Dy produce an invoice for Janusz that only shows the fil=ers? US Customs has been ON US about the cargo we are bringing in.</=iv>

If the invoice reflects ANY that is not there, and =hey inspect, we will be in major complications. If you are removing =he sand and loose parts from the order, those items must not appear on the=invoice Janusz is taking to Tropical.

Janusz, let=me know what you need assistance with :) DW

Daphne..

We are going to have to ship these two pool filter systems to STT via Tropical or Crowley., I will bring sand and loose parts on plane tonight.

I can't fit these canisters in the plane., they are very light approx 6-lbs each.,

They will be placed in original boxes that measure

50" x 40" x 40"

Weight 60lbs

Can you arrange Januiz to rent Home Depo flat bed truck for \$19.00 per hour=and deliver to Shipping company you select?
