**Subject:** Re: Paris Wx update

week weather?

On Sat, Oct 25, 2014 at 10:04 AM, Lvjet Jeffrey, appears Paris weather is lower than forecast,. Current 1500 local time Le Bourget Wx is calm wind, visibility 6 miles,.1000 overcast Midnight tonight ceiling 500 broken, with visibility 2 miles or less = forecast thru out the evening,.

Charles De Galle is forecasting for this evening and morning=300 broken, and 1 mile visibility, temperature 58 degrees and dew point 54=degrees,. as temperature drops close or equal to dew point, Fog is guaranteed.

Sunday Noon arrival or later is best for ceiling,.

our approach minimums:

ILS runway 7 approach minimum is 320 feet due to 50 foot obstruction at runway approach,. wind is favoring runway 7 for landing.=/div> ILS runway 25 is 200 feet, lower minimums since no obstructions =t runway approach area.
