Thanks Jeffrey.

Hi Larry. I've heard a lot about you through Jeffrey and Reid.

I'm the director of the MIT Media Lab and one of the things that I'm =oing is PI'ing the MIT BitCoin Project where we are giving $100 of =itcoin to all undergrads to experiment. I'm also working with various =overnment agencies including Treasury including Anne Wallwork who I =hink you know. I'm also fairly connected to the BitCoin developer =ommunity.

I'm trying to pull together a multi-stakeholder meeting about the future =f BitCoin at MIT soon. I'm also generally trying to talk to smart =eople about BitCoin and cryptocurrencies as we approach an important =oint in it's development.

It would be great if I could get on your calendar and bring one of my =ids, Jeremy Rubin, who runs the BitCoin project.
