I'm learning about Great Danes. So apparently if you=want them really big without the typical hip problems, it has to be Europe=n stock. The American Danes are smaller and less robust.

You can have these hand delivered to Zorro in 3 weeks.

Note. These are not pets. They are top of the line breed stock=from someone who really knows the race. They have the perfect shape =nd temperament and they come with warranties and all the important certifi=ates. So, they are not cheap. They are asking \$6K a piece but I can probab=y talk them down quite a bit in this economy.

The=ears have not been cropped yet, so you can decide if you want the floppy o= standing up
