I'm sending you two different options=

This a a boy and a girl Dane. They are a very un=que Mearle color and 5 weeks old.

Dad is a HUGE 2=0 lbs black European Dane from Hungary. Mothers is giant as well. Th=se guys will be stunning.

I'm learning =bout Great Danes. So apparently if you want them really big without the ty=ical hip problems, it has to be European stock. The American Danes are sma=ler and less robust.

You can have these hand deli=ered to Zorro in 3 weeks.

Note. These are not pet=. They are top of the line breed stock from someone who really knows the r=ce. They have the perfect shape and temperament and they come with w=rranties and all the important certificates. So, they are not cheap. They =re asking \$6K a piece but I can probably talk them down quite a bit in thi= economy.

The ears have not been cropped yet, so =ou can decide if you want the floppy or standing up
