Thanks Jeffrey.

Hi Larry. I've heard a lot about you throug= Jeffrey and Reid.

I'm the director of the MIT Media Lab and o=e of the things that I'm doing is PI'ing the MIT BitCoin Project where we =re giving \$100 of bitcoin to all undergrads to experiment. I'm also workin= with various government agencies including Treasury including Anne Wallwork who I think you know. I'm also =fairly connected to the BitCoin developer community.

I'm trying to pull together a multi-stakeho=der meeting about the future of BitCoin at MIT soon. I'm also generally tr=ing to talk to smart people about BitCoin and cryptocurrencies as we appro=ch an important point in it's development.

It would be great if I could get on your ca=endar and bring one of my kids, Jeremy Rubin, who runs the BitCoin project=
