**Subject:** art purchases - who arranges payment

Jeffrey,

I've been asked by Eileen to tell Melanie that=payment for all art purchases - whether made by Leon for his personal collection or by =eon on behalf of the children's trusts - should be handled by the fa=ily office.

Currently, Melanie is paying for Leon's art pu=chases for his personal collection directly out of his bank accounts on wh=ch she has power of attorney. She sends the family office invoices f=r purchases being made on behalf of the children's trusts so that we can arrange payment for those.

I just want to confirm that you and Leon want paymen= for all art purchases to be handled by the family office.

Thanks,

Heather
