Dear Mr. Epstein,

I have a couple items I wanted to confirm and address with you. It would be ideal if we could schedule a conference call either on Monday of next week after the Thanksgiving Holiday, are you available Monday? I would like to include the STM, Charles Thomas as well as James Bashlor and Bo Myers from the Woodshop.

1. Charles Thomas, the Service Team Manager, has indicated at this time the outdate is February 28th. However, this will move out day by day until the overall scope is finalized and will also change should there be future changes to the scope once it is finalized. <=li>

=/u>

2. Please review the attached renderings for Exterior Paint. An approval is needed on final color by tomorrow (11/22) morning to ensure the paint is received on time.</=li>

=/u>

3. The approved veneer sample is tracking to arrive late tomorrow, order will be placed immediately. ♦=A0 However, the Wavy Grain Acknowledgement which was on there does need to be signed. I am sending the Acknowledgement Label Overnight(FedEx 770806811976) and ask for you to please sign and return to me for Monday arrival (I included a return label for ease). Upon receipt, I will affix this to the back of the veneer sample next to the approval label.

♦=A0 <image00=.jpg>

4. Clarification needed of what Apple device and model for a docking station at the VIP seat<=u>

5. I addressed the galley countertop with the woodshop and we feel the best location to transition the countertop to veneer would be the location below indicated by the red line.

- a. Feedback requested regarding location
- b. Notes regarding work:

OR

2. Cut off left portion of C=untertop and Veneer – added time
- a. Countertop and top Cabine= would be removed to cut this portion off as countertop does not wrap arou=nd vertical cabinet, but rather under. Area would then be built back =p for a veneer flat surface like the credenza top with the nosing being hardwood.
- b. We would need to discuss how you would=like the transition between the veneer and countertop (top and nosing) fin=shed off. Would you be okay with a seam between the two materials?

Note: T=ere are risks associated with cutting the left portion off the countertop =E2◆? possibility of the right side cracking. If this were to hap=en a new slab would be ordered which may affect schedule

6. Removing Single Tables be=ind VIP seat:

7. I have one additional fin=shed sample of the Qtr. Fig Dark Eucalyptus which I can send out to either=you or Eric. I can have another sample finished and shipped out in about a=week and a half. Please confirm your preference as to who I should send the finished sample to.

I look forward to receiving your feedback on all the=above items and will notify you once the signed veneer sample has arrived.=u>
