I dont think so, at least no more so than any other commodity. It would only be money if it was taken in exchange by customers who do not want to use it themselves, but want to exchange it again.

re money and biology. is ATP is store of value? what would a medium of exchange be?, is  
there a global trust network I think so .

I don't know him myself. I have heard some very negative things from several scientists,  
but it may just be sour grapes because he has made so much money. He is certainly at least part showman and he has  
certainly stepped on some toes.
