It seems hard to believe that a week ago today we spoke, as so much has happened since then. Your belief in me, and persistent generosity and caring never ceases to amaze me and make me feel so good. I have felt so alive and probably the best that I have in months since we talked. I hadn't realized how worried and hopeless I was feeling about finances and how I was going to get my business off the ground. Since our conversation, I've been asked to be a keynote speaker at the health club here in Carmel for the opening of their health/ weight loss challenge. I've also been asked to have a booth, sell products and my sessions and give four separate lectures over January and February. All of the sudden so many people are asking for my help and ordering supplements like crazy. I don't know what it is about you that always has such a profound effect on me, my life and how I feel about myself. You set things in motion for me, just by being in connection with me. I hope you understand that I am not talking about money. Ofcourse that is an aspect, but it is so much more than that.
