Dear Jeffrey,

After speaking to Rich this morning, I understand you are =rustered with my work, I am also. I have tried my very best to accommodate your needs for the multiply =rojects you have me working on simultaneously. I agree that I am not being utilized to the best of my abilities but =omeone has to manage all the moving pieces that the renovations at 66th street and the Artefacto order have =et off including the disruption to your guests and the constant interruption of work flow that the coordination with =everyone involved takes on a daily basis. Everyone is looking to me for =nswers and I am trying to field them as fast as they arise.

I did send you some images I was able to cull from my own =xtensive library for the Cabana's but I received no feedback. I have a =ew photos for the entry and even less for the dining room because what =our asking for is not easy to find and requires lengthy in depth =esearch.

I have been doing that research in between juggling Anthony, the =uildings issues and renovations, [REDACTED] and her move out, so that her =loors can be finished and move [REDACTED] in, so they can start her =enovation and organize the Artefacto delivery with all the tenants =nvolved, for the 5th, 6th and 7th and they just screwed up the first =elivery to Palm Beach, so their track record is poor, at best.

I totally agree that this is frustrating and I am doing my very =est to to accommodate all of your needs for these multiply projects but = need a sense of clarity from you of what is the most important thing =or me to be working on and I will focus all of my laser attention on =hat. I still feel that I can help you realize what you want and if you =et me use my talent to better use you will not be disappointed.

Sincerely,  
Gregory
