Les I had best buy check all its stores in the city and they don't have the i=hone 6 128G in space gray which is what ▮ wants.
I also checked at and t on 3rd ave and they only had smallest capacity. They=don't have access to check inventory at other stores so I will go to more a= and ts I will go back to apple in the morning .
I am going to check how fast I could get online.
