Subject: Re:

im working with my Harvard guys on "thought." . =A0 I posit that thought is similar to vision , hearing etc. =A0 we percieve thought in a narrow band of a spectrum of "thought processes " like visible light i the spectrum of= radiation. or perceived sounds in the band of soundwaves. . =A0 I suggest that like infra red. there is a speed that =s not perceived. though it is received. body proce=ses may be too "fast or slow" to perceive unless a p=oblem occurs. stomach ache . etc. directed motion.=. so councious thought is a narrow band of wider thought
