Hello,

I just heard back on the 45 gallon seagrape bushes. The nursery that had them just stepped them up to 65 gallon pots a couple weeks ago. With that said they also raised their price on them. They are 9-10ft tall and \$50 more expensive.

As another option I have (1,000) 45 gallon seagrape trees like the ones I attached to this e-mail. These are 13-14ft tall planted with 6-7ft of clear trunk. If you planted one of these and two 25 gallon bushes like the one I attached on each side you would have a 14ft tall wall as the 25 gallon are 6ft tall. Let me know if that would work. <=>

As our disclaimer states below. I cannot guarantee this material will be available in a couple days as there is a shortage of material in Florida right now.

If you have any questions please let me know=
