Morning

TV has been removed and electrical has been pulled down. The hole will be plastered and covered in but the issue is the 2 white cover=plates which will have to remain as they feed all the power to the upper li=hts and power around the banquet. If you wish for them to be removed we will need to break thru the wall - ver= large area and rerun all power. Did you have any plans for artwork on the wall, so as to cover plates?

Please advise -

OK with plates showing? would annoy me

Break thru wall and rerun power?

Artwork will cover plates

Thanks

Karen
