Jeffrey

We are still long 20,000 shares of CD Projekt (Polis= gaming stock). We bought the stock back in April at PLN120. Currently at =LN204. So up around \$411K on this remaining tranche. We did take profits o= the other half at PLN165.

I think we should hold the position. If you agree I =ould like to roll the PLN hedge that is maturing tomorrow. We are short 3.=MM PLN vs \$878K USD via the hedge. I don't have a view on PLN and =ould rather not have the exposure. We could roll for 3 months.
