Dear Jeffery,

As promised, please find attached som= very preliminar images showing the general 3D massing model that we are c=eating for Great St James. We will also create one model for LSJ.

This we=k the topography team will continue working on site as per our schedule an= we will have all the definitive information of this initial scope of work=ready to be delivered by the end of January.

With this information we wil= then be ready to start the master plan conceptual design phase. We will s=on be sending you a separate proposal for such services.

Kind regards and=best wishes for the holidays!

Ramon Alonso
