Subject: evolution of mind

Thanks for the discussion but we must move =eyond. What is evolution – it has to be an expansion of =ind and experience.

Not the shutting =own of the drunk!

The first two =eeks in September are difficult, starting the week of the =2nd is better.

Alain will be there 10, 11, 12.

Could I please have 20K to complete the funding of the =ome study.

Peter
