If you wish to keep your existing windowline fabric, then you should go wit= either the same fabric for the LSU's and headliner or all ultra s=ede.

What I prefer is to replace the window line fabric with the Dedar (tig=tly woven and contemporary) fabric with either the strie ultra suede for t=e headliner and upper valence or if you do not like the faint lines in the=strie, a plain ultrasuede. I like having a slight texture.

The Romo was another great choice for the window line fabric - =9Cslightly" less modern and no sheen.

Look at windowline fabrics in the vertical position- NOT laying flat o= the table.

Any thoughts on the materials sent? We need a decision ASAP so we can keep moving forward. Panels have been removed and stripped and it will take a week or more to get the fabrics in from overseas and then flameproofed.

I am on my cell if you need to talk.

Thank you.

Eric
