I think the piece says what you want to say. It=just comes down to whether or not it's worth it to keep shining lig=t on it. Most of the non-activist people who I know that know you through t=e media still haven't even heard of the original BuzzFeed article. If the goal has anything to do with public opinion, I say that any reac=ion is going to have a 50/50 chance of helping/hurting you. If the go=l is more of a way to attack the university - I feel like responding to a l=natic's tweets is not the best way to do it. Couldn't you j=st write an article/blog that contains all the data without

Maybe there isn =99t a way to do both. And the damage is done. So maybe it can =80 t get worse...but maybe it can. Things got much worse last time a= a result of Christina Rad's video, which came as a response to you=

But I sincer=ly don't know. I am all for fighting. But I don't want to s=e you hurt anymore. It just feels like there there is no winning agai=st this mob. It's like the Galactic Empire has taken over and=it's time for the Rebel Alliance to hide and regroup. But if=you decide to keep shooting, of course, we will happily supply the blaster a=mo.

We live in such a broken world now. &nb=p;I just wish I h=d more salient advice.
