**Subject:** something completely different

we have been working on appeal doc this week, and will over the next week.. with some good additional bits of stuff (email from other woman at lunch with lucy saying it was a friendly lunch with no discussion of obs ever.. etc). Anyway, that is not what I am emailing about. We haven't thus far taken the plunge of moving the \$500K so that Nancy has in Australia to the US.. for a number of reasons.. also hope that it might rise.. but also we simply don't know currency traders, and if we just ask to move it we will undoubtedly lose a lot of money on banks charging fees and giving lousy rate compared to the going rate for the currency. Since you do this for a living, could you assist us in moving it to US dollars sometime in the next month or two.. either tell us how to do it and who to go through to do it, or otherwise?

Thanks.

Lawrence
