I re read this, . . it said Lucy told her supervisor . . ? so did they speak to Lucy or only the supervisor. . . I have an out of the box thought. . . The list of behavior that goes back years. is illustrative of a socially impaired professor, not a predator or a danger. Im wondering whether we can suggest and document that you are on the asperger spectrum. as is obvious to all, it is a benefit and a burden. To dismiss you would be a=ramount to firing a handicapped person. . you have a disease=C2♦ and should be protected, rehabilitated and cannot be fired under the labor laws? the more severe form of your disorder would be tourettes. . they need to protect the handicapped=C2♦ not fire them. They are engaged in discrimination. . they also were on notice re your disease for years. ♦=AO Only when confronted with a public gossip articel did they take action= . IF being silly, socially unaware is a crime. under title 9=C2♦ , half of the great scientists would be out of work.
