Good morning Mike.

Yes, the project has been approved. Please forward how payment is to be made and we will get going on that.

Just to confirm, the measuring will be done on St Thomas with the boat still in the water and in service. Let me know your schedule on that.

The schedule for getting the boat on the hard and you=getting to PR for installation will be a phone call, more than likely tomorrow. We have a bit of coordination to do on our end yet. I will let you know=

Thanks,

MG.
