Best wi=hes for 2019, may it bring a lot of fun science !

◆=A0 you might enjoy some of my musings here
<https://www.leafscience.org/an-interview-with-dr-leonid-peshkin/>
</=iv>

in other news, the work on profi=ing single cells in embryo, I was so bitterly complaining about when we me= last at Harvard, ironically got selected as Science Magazine' breakthrough of 2018 ... (well ours alon= with another team)
