Subject: Re:

Morning. Per=aps when you're down here next week we could meet for a cup of coffee and work out a solution? I was able to get a quote with a \$40,000 reduction in cost from the manufacturer but am worried the erroneous information you received is impacting your decision.

Please deduct the \$40,000 directly from my previous offer.

Regards,

Brian Walden=br>ProSolar America, Inc  
Director of Operations  
please provide update from our last conversation on monday morning  
thank you
