my first draft response , is that arbitration , even if you win, , i m not sure you do. Agree think it will be a la Chinese.. I have to file another claim against the company and not against the shareholders to enforce the legal representative

He was convinced to win(reason tell u on the phone)

the fake document is a key if provable(Mr Wu is not very patient so he went for the quick solution as he never thought I would react). but the chinese protect their own. Yes we have a notary recording, and mobile recordings(mobile recordings in Chinese courts are valid as proof), Mr Wu is very emotional so He said too much, they went against the release of the recording.. my instinct is that this needs finesse rather than a legal attack. Agree this is just a sideshow but we had to react as they filed for the claim

those jvs made during the early days are looked at like the foreigners were trying to take advantage of the local. s did he claim you didnt produce what you promised, ? he asked over the years from me personal guarantees which I did not provide, they claim we did not provide any help

he is not very powerful. but he is a local. correct

. unlikely a quick solution , I know but it is too large to leave it

but heavy players needed. not likely kuhn. I know but I am just a little remora, but when it comes to making powerful friends, nothing beats a shark..

i have some ideas. can talk at your conveneince. . not sure if the value you got for the co. at your convenience

includes long term contracts for rent for ex at an exorbitant price , paid to wus real estate co. .

was your former chinese partner involved in this mess? I do not know
