**Subject:** Re: LSJ fuel reading

Brice thank you for readings..

It appears after reviewing the records with daphne the 1000 gallon premium tank was filled on 11-20-2018 which brought it to 900 gallon As of the last reading on 12-31-2018 we still had 402 gallons which means we consumed 500 gallons over 41 day

Therefore 1000 gallons should last us 81 days or 11 +. weeks.

Based on that information I believe we are ok to have Tri Island bring their=premium trucks over and convert our entire fuel truck to diesel...
