Danny had met with a guy from =TX to locate wells on GSJ and I believe he put a bid in to do the work. =hree wells were located at the time but nothing was approved

GSJ uses the Ocean water not Well water.

You ordered a water maker that filters ocean water into fresh =ater. We have an intake pipe on GSJ going directly to the water =urification system and a cistern that was built next to it to hold the =resh water.

I'm not sure if that =system is still in place at the moment

Ann R.

jee asked today who made well for current GSJ RO system  
danny or reefco or was existing on property before we =urchased?  
please advise  
thanks
