Subject: Re:

Sorry missed the call,,
Some progress,,=div>

We have 3 harnesses for BUSS controllers coming tomorrow, Gulfstream found abnormal bends in the cables, They are supposedly as delicate as fiber optic.,

Also, we are changing the #2 ADC,,

Parts will arrive tomorrow,,

Also I have an issue=with the Fwd Airstair door seal, if you noticed, when I closed the main entrance door yesterday in St. Thomas, the Hydraulic pump ran for an unusual long time, When I closed the door, I noticed the door seal was=not deflated, it made it difficult for me to close the door, I had to=use the cherry picker to deflate the Door seal to close,, Please and I are working this item now,, only 2 valves in the system, should have parts tomorrow as well,,

Otherwise, all is good&=bsp;

Thx
Larry
