We strongly believe that system should be replaced at your cost which means no labor costs to install and no markups on material...

Evening Richard,

The price you quote seems too far from my direct quote from the manufacturer but will inquire.
I have concerns that this is not an apples to apples comparison. Please relay any quote you received so we can ensure they are the same product and kWh.

I was also of the impression we were having a discussion.

brian,

we spoke to the battery manufacturer and they will sell us 3 of the same for 190,000.
otherwise we will file an action that will include damages =80 .and they are significant
your choice...
